

Native Plant Guide

Chapon's Greenhouse

Chapon's Information:

Chapon's Greenhouse is a family-owned and operated greenhouse on Streets Run Road with a knowledgeable staff and a great selection of native plants.

Hours: Monday through Saturday, 8am-8pm, and Sunday, 9am-5pm.

Phone: (412) 881-1520

E-mail: chaponsgreenhouse@gmail.com

Address: 4846 Streets Run Rd., Pittsburgh, PA 15236

Out-of-stock plants must be ordered at least a week in advance. Shipments arrive on Thursdays.

The information in this booklet is available at Whatsnative.com. To find more details on any of the plants listed in this booklet, visit the web page.

Key to symbols used in booklet:

Shade Tolerant

Full Sun Tolerant

Partial Sun Tolerant

Attracts Hummingbirds

Attracts Butterflies

Deer-resistant

Great Cut Flowers

Shrubs

Summer Sweet

Fragrant - Birds - Butterflies - Sun - Partial Sun
5-8' height - 5' apart

Virginia Sweetspire

Shade or Sun - Wet or Dry soils
4-5' height - 5' apart

Adam's Needle

(Yucca Bright Edge)
Dry, Sandy Soil - Hardy
2-3' height - 2' apart

Adam's Needle

(Yucca Color Guard)
Drought tolerant - Deer resistant - Plain, sandy soil
36" height - 2' apart

Grasses

Purple Love Grass

This North American native grows low to the ground in dense green tufts, 12-18" in height. The large inflorescence is attractive, forming a purple haze above the foliage when seen from a distance in late summer/early fall. Eventually, this inflorescence breaks off and floats around like tumbleweed.

12-18" height - 16" apart

Blue Lime Grass

Bright blue-gray blades grow 24-30" and produce stiff, upright, flower spikes that turn buff in late summer. Spreads vigorously by rhizome, filling in large areas quickly, may require containment. It is an important problem solver for wind, salt air and sandy soils along the immediate coast. Tolerant of seasonal clean up by mowing at winter's end.

24-30" high - 18" apart

Switch Grass

Panicums are warm season grasses that need the warmth of the sun to get going in the spring. When the soil and air temperature are warm enough this Ornamental Grasses will take off like a rocket. When temperatures are high and moisture is limited they will look their best. The airy wheat-colored flowers will turn colors in the fall and fade to tan. This native grass is easy to grow and will adapt to any well-drained soil type.

4-5' high - 36" apart

Ferns

Lady Fern

Shade - Average soils
18-24" height - 18" apart

New York Fern

Shade - Sun tolerant - Moist soil
1-2' height - 18" apart

Vines

Yellow Trumpet Vine

Sun - Partial Sun - Butterflies - Humming-
birds - Cut Flowers
40' height - 5' apart

Virginia Creeper

Sun - Partial Sun - Adaptive to many soils
40' height - 5' apart

Perennials

Wild Columbine

Soil: Moist to Dry
Bloom Time: April-June
10" height - 18" apart

Butterfly Weed

Soil: Dry
Bloom Time: June-July
12-24" height - 18" apart

Black Cohosh

Soil: Moist to Dry
Bloom Time: July - August
2-3' height - 18" apart

Cutleaf Bleeding Heart

Soil: Moist to Dry
Bloom Time: April - Sept.
12-18" height - 18" apart

Stone-crop (Sedum)

Soil: Moist
Bloom Time: June-August
6" height - 6" apart

Blue Indigo

Soil: Wet to dry
Bloom Time: August to frost
4' height - 18" apart

White Turtlehead

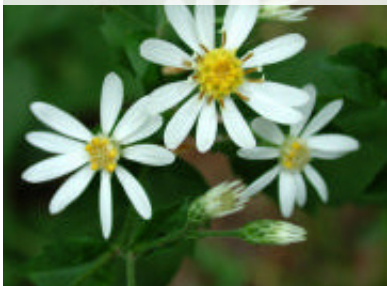

Soil: Moist to Wet
Bloom Time: August-October
2-3' height - 18" apart

Green and Gold

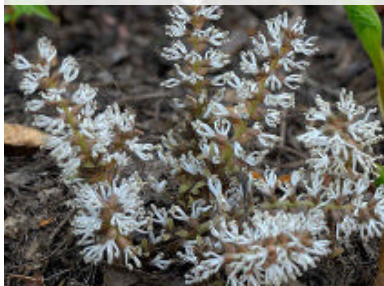

Soil: Moist to Dry
Bloom Time: April - October
6-8" height - 12" apart

White Wood Aster

Soil: Moist to Dry
Bloom Time: August - October
2-3' height - 18" apart

Allegheny Spurge

Soil: Humus rich
Bloom Time: March - April
6-12" height - 18" apart

Dwarf Crested Iris

Soil: Moist to Dry
Bloom Time: April - May
6" height - 12" apart

Gay Feather

Soil: Wet to Moist
Bloom Time: July - Sept.
24-30" height - 24" apart

Great Blue Lobelia

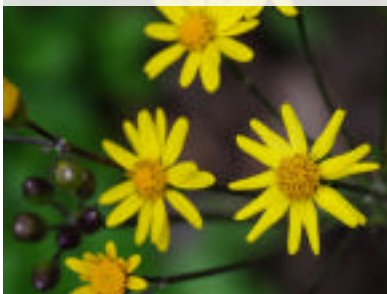

Soil: Wet to Moist
Bloom Time: July - October
36" height - 18" apart

Black-eyed Susan

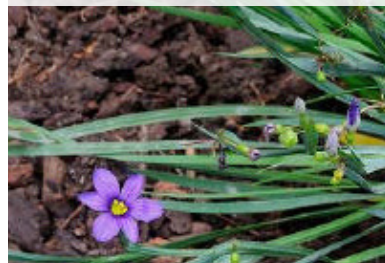

Soil: Moist to Dry
Bloom Time: July - October
24-30" height - 18" apart

Golden Ragwort

Soil: Wet to Moist
Bloom Time: June - August
12-16" height - 10" apart

Narrow Leaf Blue Eyed Grass

Soil: Moist to Wet
Bloom Time: May - July
8" height - 12" apart
